This grant is anticipated to provide funding of \$131,167.00 for the State of Florida FY 2015-16, Miami-Dade Fire Rescue is expected to receive a revenue allocation of \$80,823.00. The grant does not require any matching local or in-kind funds.

TRACK RECORD/MONITOR

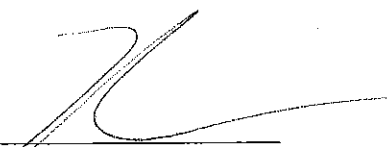

The grant award will be monitored by Lisset Elliott, Grants Manager, for the Miami-Dade Fire Rescue Department.

BACKGROUND

Each year the Florida Department of Health's Office of Emergency Medical Services distributes grant funds, as authorized by Florida Statutes Chapter 401. These funds are made available to eligible county governments to improve and expand their pre-hospital emergency medical services. The funds are derived by the State of Florida from surcharges on various traffic violations.

Since 1987, Miami-Dade Fire Rescue has been responsible for the application and distribution process of the State Emergency Medical Services County Grant. The grant stipulates that municipalities are to apply for and receive funds through their respective county government or county fire department. Members of the five (5) municipal fire rescue departments, as well as Miami-Dade Fire Rescue, conduct an annual needs assessment to formulate the Miami-Dade County application. The director of each respective fire rescue department reviews and approves the grant work and expenditure plans included in the final grant application package.

In order to receive their allocation from new grant revenues received from the State of Florida, each of the five (5) municipal fire rescue departments submits an approved agreement to Miami-Dade Fire Rescue. The distribution of grant funds to each participating fire rescue department is based on the percentage of combined total emergency medical services incidents the respective fire rescue department responded to during calendar year 2014.

Application Form July 2015-2016

Effective July 24 County Governments may submit their Fiscal Year 2015-2016 application for county grant funds. The deadline for state EMS to receive the required pages of your completed county grant application form is by December 16, 2015.

You can see the amount of your new grant at the state EMS website in the "Total" column of the county amount table.

The first application form page has five items, the first three of which are self-explanatory.

However, note that Item 2 is where the county's authorized person must provide his/her signature.

Item 4 describes the content of the resolution. Please provide this in your county's customary format and approval process.

The resolution must be current and not a copy of a previous resolution. We need this current resolution or we will not be able to process the application for funds.

Item 5 of the first page of the application form asks for the name of the organizations that will receive funds from your new county grant. The second page of the application form is the budget page and one of these budget pages is needed for each organization listed in item 5,

The budget page for each organization must have on it specific and quantifiable items or services, with the cost for each unit or type of item or service.

All costs must add to the exact amount of new funds for your grant. You can transfer unexpended funds from your previous grant after the new grant begins.

No general statements can be used in the budget because we are now required to have specificity up-front and need it to obtain your grant funds. However, you can still make change requests during the new grant, so you do not lock yourself into the initial items.

Your budget totals in the application should be added for you if you place your cursor over a subtotal or total field, right click your mouse, then left click on the resulting menu "Update Field."

Request for Grant Fund Distribution Form

This page is included with your application form. Complete only the top part of this form and the state will complete the bottom part, as indicated on the form.
